## Summary

Motivated BCA student specializing in Artificial Intelligence and Machine Learning, with hands-on experience in Python, machine learning, deep learning, and web-based deployment. Seeking an entry-level opportunity to apply problem-solving, analytical, and development skills in building practical AI-driven solutions.

## Skills

**Programming Languages:** Python, C, C++, Java

**Database:** MySQL

**Tools/Technologies:** Git, FastAPI, Flask, HTML, CSS

**ML/DL:** Scikit-learn, TensorFlow, NLP, Pandas, NumPy, Matplotlib, Seaborn, Feature Engineering

**Core Concept:** Data Structure and Algorithms, Object-Oriented Programming (OOP), Operating System

**Soft Skills:** Problem Solving, Analytical Thinking, Communication, Team Collaboration

## Projects

### Social Media Sentiment Analyzer – Sentiment Prediction System Mar' 2026

- Built a sentiment analysis system for social media text classification using deep learning models.
- Engineered a real-time FastAPI-based prediction API with a lightweight web interface.
- Designed and optimized Bi-LSTM models, achieving 91% and 96% accuracy.
- Tech:** Python, FastAPI, TensorFlow, Keras, HTML, CSS

### Smart Guardian – Real-Time Threat Detection System Dec' 2025

- Designed a real-time weapon detection system using YOLO-based computer vision on live feeds.
- Built a Tkinter-based desktop application for real-time visualization and threat monitoring.
- Integrated Roboflow-based YOLO models and implemented real-time alert mechanisms.
- Tech:** Python, OpenCV, YOLO, Tkinter, Roboflow

### Customer Churn Prediction System – Predictive Analytics Application Nov' 2025

- Developed and deployed a machine learning model to predict customer churn.
- Developed a Flask-based web application for real-time prediction and user interaction.
- Trained an XGBoost model achieving 93% accuracy and applied SHAP for model explanation.
- Tech:** Python, Flask, SHAP, HTML, CSS

## Achievements

- Led a team of four in Code-a-Haunt Hackathon and advanced to Round 2 among 50+ teams at Lovely Professional University.
- Earned HackerRank certification in Python and SQL.
- Solved 20+ DSA problems on LeetCode to strengthen problem-solving skills.

## Certificates

- Oracle Cloud Infrastructure 2025 Certified Data Science Professional Oct' 2025
- Machine Learning with Python – IBM Developer Skills Network Oct' 2025

## Education

**Lovely Professional University** Punjab, India  
Bachelor of Computer Application – BCA (AI & ML); CGPA: 7.39 Aug 2024 – Present

**Barjora High School (H.S.)** Barjora, Bankura  
Intermediate; Percentage: 65% Apr 2022 – Mar 2024

**Barjora High School (H.S.)** Barjora, Bankura  
Matriculation; Percentage: 68% Jan 2014 – Mar 2022
